Clarion Events, owners of both Multimodal UK, and the Supply Chain and Logistics Summits, to launch Americas exhibition and seminars and co-locate with The International Air Cargo Association (TIACA)'s Toronto Air Cargo Forum (ACF) in 2018

London, UK, and Miami, USA, Wednesday, 28th September 2016 - Clarion Events, owners of both the Multimodal UK Exhibition, and the Supply Chain and Logistics Summits, will launch an Americas show in 2018, co-located with The International Air Cargo Association (TIACA)'s Air Cargo Forum (ACF) in Toronto, Canada.

The Multimodal Americas exhibition will showcase leading logistics and transport companies over a three-day event, which will also include a series of seminars and practical workshops.

"Multimodal Americas will mirror our UK event, which has a ten-year proven track record of delivering unrivalled business opportunities for supply chain companies in Europe," said Robert Jervis, Logistics Portfolio Director, Clarion Events.

"We will provide an important platform for the logistics community in North America to discover innovative ways to improve their supply chains, meet new suppliers, and grow business.

"TIACA's 26-year heritage and the association's air cargo expertise is the perfect fit for us, and we are looking forward to working with their members to produce an exciting new show in Toronto."

TIACA's biennial ACF brings together air cargo leaders from across the globe to network, learn from experts, and discover innovative solutions to improve their supply chains.

The next ACF takes place from 26th to 28th October 2016 in Paris, France, and thousands of supply chain decision makers are expected to visit leading air cargo suppliers from across the globe.
